GDA Agile EO Information Development (AID) activity on Forest Management

ACTIVITY OVERVIEW

IMPLEMENTING CONSORTIUM

GAF AG (DE), IGNFI (FR), ONF International (FR), GISBOX (RO), Unique (DE), Caribou Space (UK)

INTERNATIONAL FINANCIAL INSTITUTIONS PARTNERS

World Bank Group, Asian Development Bank

LAUNCH OF THE ACTIVITY

September 2024

MAIN OBJECTIVE

The GDA Forest Management activity, in partnership with International Financial Institutions (IFIs), leverages Earth Observation (EO) information to enhance forest monitoring and management in low- and middle-income countries. By aligning with the operational requirements of IFI programs, the consortium tailors EO solutions to empower Client State governments to manage forests sustainably and address deforestation and climate challenges.

MAIN THEMES ADDRESSED USING EO INFORMATION:

REDD+

Forest and Landscape Assessment and Planning

Mangrove and Protected Areas

Zero Deforestation (ZD)
